

Camp Medley

BUILDING A NEW POOL & MAINTENANCE FACILITY

THE POOL STORY

When our current pool was first built, they told us, "if we've done everything right, you'll get 30 years out of it."

That was 60 years ago.

Now, we're ready to start a new adventure that will allow us to expand our reach and bless our community in new way.

More than a pool...
A DESTINATION!

Camp Medley's new heated pool will have something for everyone:

- climbing wall
- water toys
- beach entrance
- shallow pool
- 25 meter lap pool
- full bathroom facilities!

A PLACE FOR THE WHOLE COMMUNITY

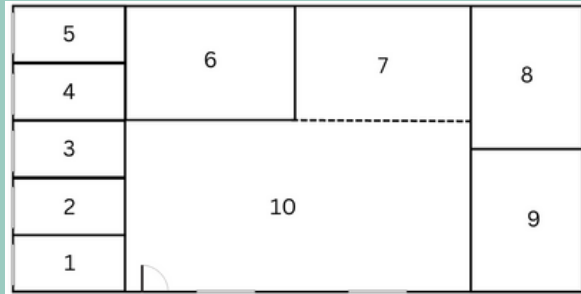

The new pool design accommodates the whole community—campers to seniors, families to water sports teams! We are dreaming of a space that all can enjoy, from the local community and beyond!

A NEW MAINTENANCE FACILITY

As Camp Medley grows, so too does our need for a dedicated maintenance space. A new building will allow us to securely store new program elements (such as peddle go-carts and our new RC Car Race Track), maintain our boats in good condition, and work on new projects too!

Pool	\$2,450,000
Maintenance garage	\$350,000
<hr/>	
Total	\$2,800,000

PROJECT COSTS

HOW TO DONATE

www.campmedley.ca/donate

E-transfers can be made to finance@campmedley.ca
 Please identify your name, email, and designation for funds ("pool development") in the message box.

Cheques can be sent to Camp Medley
 168 Gunter Hill Rd., Upper Gagetown
 E5M 1N7
